

Psychology Club Minutes

February 4, 2015

- At Tuesday's meeting we discussed:
 - Our chili cook off will be **Feb. 10** (next Tuesday) during regular meeting time in room 1302 *a signup sheet for that is already up and the fee to taste all of the different chili will be around \$1 or \$2.*
 - We will be having another Mock GRE on **Feb. 20**, *signup sheets for that are also already up.*
 - The Ropes Course will be **March 14th** around **8am** (*time is tentative*). We did this last semester and it was a lot of fun so please come out and participate! *Signup sheets for this will go around when it gets closer to the date*
 - The Progressive Dinner will be **April 11th**, *the signup sheet for that will be going around when it gets closer to that date.*

- We will definitely be doing another T-shirt order this semester and at next week's meeting we will be voting on whether or not to keep the same design or create a new t-shirt design.
- For those graduating soon, there will be a Graduate Fair on **March 3rd** in the 3rd floor Student Union Ballroom C from 5-6:30pm. The fair will have lots of information about the different graduate school programs VSU offers as well as some waivers for the graduate school application so it would be smart to attend!
- Thanks to all of you who volunteered to be at our table last Saturday for the Open House on campus!
- If any of you are interested, there will be a GPS (Georgia Psychological Society) meeting on **April 14th** if any of you

wanted to attend that. The meeting will be in Augusta GA and if you plan on presenting research, all of your research information is due on **Feb. 22nd**. This meeting is a great way to see how research is presented and to meet other professors and psychology students from other schools. Dr. Heather Kelley is in charge of this if you need more information.

- If you have not already, please join the Psychology Club on Campus Connect
- If you have any questions about anything from today's meeting please feel free to email me at ctcrawford@valdosta.edu
- Have a great remainder of the week!
